

X MIPS
Annual Congress
ISTANBUL
20-22 Nov 2025

Preliminary Programme

WELCOME MESSAGES

Dear MIPS Family,

It gives me great pleasure, as the President, to invite you to the TENTH MIPS Annual meeting, MIPS 2025. This year we will go to the beautiful city of Istanbul, Turkey's economic, cultural and historic capital. The city is a global hub for tourists with its unique geographical location straddling the Bosphorus Strait as the boundary between Europe and Asia and historical monuments from the Byzantine, Latin and Ottoman era. The meeting will be held on 20-22 November 2025.

Congratulations to our Host Chair: Professor Fulya Dokmeci and Co-Chair: Dr. Esra Cetinkaya, whom I am sure, will organize an excellent meeting to build on the outstanding success of our previous meetings. The scientific programme will be granted CME credits by the EACCME, and the conference proceedings will be published in Urogynecology, the official journal of the American Urogynecologic Society (AUGS). The topics include the most recent advances in female and male pelvic floor medicine with multi-disciplinary sessions tailored to health care provider's educational needs and training priorities as well as patient care in Mediterranean countries. This year, we will also hold parallel workshops of the Turkish Continence Society that would be very interesting to our Turkish colleagues. We are currently working on the final scientific programme and hope to publish the first announcement by the fourth week of February on the MIPS website.

See you all in Istanbul in November 2025!

Daa Rizk, MIPS President

Dear Colleagues,

We are delighted to invite you to the MIPS Annual Congress 2025, taking place from November 20th to 22nd in Istanbul. This year, the Mediterranean Incontinence & Pelvic Floor Society (MIPS) will focus on "Innovation & Current Developments in the Management of Urogenital Disorders". The congress offers an exceptional opportunity to stay updated on the latest recommendations and advancements in the field, presented by world-renowned experts.

The three-day scientific program features a variety of engaging sessions, including mini keynote lectures, case-based discussion panels, and video presentations by leading experts. Additionally, selected oral presentations will provide a platform for young researchers to share their work, fostering collaboration and innovation. The program is designed to facilitate dynamic interactions among esteemed experts and participants, with hands-on workshops aimed at enhancing strategies for managing complex cases. Topics will span the latest advancements in the prevention, diagnosis, and treatment of female and male pelvic floor dysfunctions and their complications, presented in a multidisciplinary framework.

We are thrilled to host the 10th MIPS Annual Meeting in Türkiye for the first time. Istanbul, a city where history meets breathtaking natural beauty, will be the perfect backdrop for this event. Known for its unique location bridging Europe and Asia, Istanbul in November offers a quieter ambiance, vibrant autumn foliage, and an excellent opportunity to observe migratory birds along the Bosphorus and in the city's tranquil parks and gardens.

With its rich history, iconic landmarks, and stunning Bosphorus views, Istanbul promises to be a remarkable destination. We warmly invite colleagues from around the globe to join us for this unforgettable experience. The 2025 MIPS Congress will feature an interactive and multidisciplinary scientific program exploring the latest innovations in the field of pelvic floor disorders. We are also grateful to the Turkish Continence Society for their valuable contributions, including a concurrent half-day symposium on November 20th.

Thank you, and we look forward to welcoming you to Istanbul for a scientifically enriching and culturally memorable event!

Best regards

Fulya Dökmeçi, Meeting Chair , Ş. Esra Çetinkaya, Meeting Co-Chair

	Thursday, November 20th	Friday, November 21st	November, 22nd
08.30		Roundtable discussion with Experts: Interpretation of Case-Based Urodynamic Traces	Roundtable discussion with Experts: Interpretation of Case-Based Pelvic Floor Ultrasound

Symposium of the Turkish Continence Society: Surgical Treatments of Stress Urinary Incontinence Surgery in Females & Males

09:00-11:20 | Stress urinary incontinence surgery-Female

- 09:00 Opening ceremony
- 09:10 Continence mechanism and physiopathology of stress type incontinence in female
- 09:25 Choosing surgical technique based on preoperative findings; How does invasive urodynamics help us?
- 09:40 Surgical treatment of SUI with concomitant symptomatic POP
- 09:55 Coffee break
- 10:10 Mesh complications following MUS; How to manage?
- 10:10 Pain
- 10:20 Obstruction
- 10:30 Erosion/extrusion
- 10:40 Panel: Persistent SUI in ISD (+) fixed urethra
- 10:40 PVS
- 10:50 Re-MUS
- 11:00 Injection
- 11:10 AUS
- 11:20 Coffee break

11:35 – 13:00 | Stress urinary incontinence surgery-Male

- 11:35 Physiopathology of postprostatectomy incontinence and preoperative techniques for prevention
- 11:55 Management of PPI
- 11:55 Conservative approach ; diapers, clempts, peds and catheters
- 12:05 PFT and medical treatment
- 12:15 Slings
- 12:30 AUS
- 12:45 Management of PPI in patients with recurrent bladder neck contracture

13:30 – 14:00 | MIPS 2025 Opening ceremony

@Hall A

14:00 – 15:30 | Session 1 Urethral Structural Disorders in Women & Men

- 14:00 Key anatomic structures of the urethra
- 14:15 Urethral structural disorders & Diagnostic strategies
- 14:30 Current conservative management strategies & minimally invasive procedures
- 14:45 Urethroplasty techniques; outcome and gender specific considerations
- 15:00 Tissue engineering approaches & biomaterials to restore urethral integrity
- 15:15 Discussion
- 15:30 Coffee break / satellite

16:00 – 17:15 | Session 2 Dysfunction of the Urethra & Bladder

- 16:00 Management of female voiding dysfunction
- 16:15 Clinical importance of phenotyping in the management of OAB
- 16:30 The potential role of microbiota on LUT dysfunction
- 16:45 Recent updates on recurrent urinary tract infections
- 17:00 Discussion

17:15 Experts Video Session 1

Friday, November 21st

08:30 – 09:30 | Roundtable discussion with experts: Interpretation of case-based urodynamic traces @ Hall A

08:30 – 09:30 | Abstract Session Nursing @ Hall B

09:30 – 11:30 | Session 3 Urinary Incontinence

09:30 Preventive and conservative rehabilitation for SUI

09:45 Clinical importance of screening women for incontinence subtypes

10:45 Prediction of MUS success in women, based on clinical assessment

11:00 How to manage recurrent SUI

11:15 How to manage complications after antiincontinence surgery

09:30 – 11:30 | Workshop 1: Nursing in Urogynaecology @ Hall B

11:30 Coffee break

09:30 – 11:30 | Session 3 Urinary Incontinence @ Hall A

11:45 – 12:30 | Abstract session UI

12:30 Lunch / satellite

14:00 – 15:30 | Session 4 Pelvic Organ Prolapse

14:00 Laparoscopic mesh sacrohysterocolpopexy; Update & Long-term outcomes

14:15 Alternative LS apical prolapse surgeries; when & how?

14:30 The vaginal approach to apical support defect

14:45 Robot-assisted pelvic floor reconstructive surgery; indications, surgical techniques, and the future

15:00 The role of deep learning for the diagnosis of pelvic organ prolapse and the prediction of outcome of prolapse surgery, where are we?

15:15 Discussion

15:30 Coffee break / satellite

16:00 – 17:00 | Abstract session POP

17:00 – 18:10 | Session 5 Female Colorectal/Anal disorders

17:00 Prevention of obstetric pelvic floor trauma

17:15 Key recommendations for the detection and repair of occult OASIs

17:30 Differential diagnosis & management of colorectal-anal dysfunction; what is the role of the posterior compartment?

17:45 Management of Anal incontinence

18:00 Discussion

Saturday, November 22nd

08:30 – 09:30 | Roundtable discussion with experts: Interpretation of case-based pelvic floor ultrasound

09:30 – 10:30 | Session 6 Chronic Pelvic Pain & Female Sexual Dysfunction

09:30 Update of feminizing genital affirmation surgery

09:45 Pelvic floor health and female sexual function

10:00 The overactive pelvic floor: Pathophysiology, clinical implications, evaluation & treatment

10:15 Understanding the female bladder pain syndrome & Novel treatment strategies

10:30 – 11:00 | Session TBC

10:45 Discussion

11:00 Coffee break / satellite

11:30 - 12:30 | Debate: Management strategies of refractory overactive bladder

12:30 Lunch / satellite

13:30 – 14:30 | Experts Video Session 2

14:30 – 15:00 Abstract awards & Closing ceremony

SCIENTIFIC COMMITTEE MIPS 2024 ANNUAL MEETING

Mauro Cervigni (Chair), Fulya Dokmeci, Esra Cetinkaya, Enrico Finazzi Agrò, Themis Grigoriadis, Safwat Tosson, Ilker Şen, Dina Rizk

UEMS/EACCME ACCREDITATION | CREDITS FOR EUROPEAN HEALTHCARE PROFESSIONALS

The MIPS Annual Congress, Istanbul, 20/11/2025 - 22/11/2025 will be submitted for the accreditation by the European Accreditation Council for Continuing Medical Education (EACCME®) for European CME credits (ECMEC®s).

ABSTRACT SESSIONS

Abstract submission 15 April – 31 July | WWW.MIPSNET.ORG

Presentation Methods: Oral (Podium) presentations.

Abstract Agreement: If your abstract is accepted for oral podium presentation, you will be asked to accept the following conditions:

- Present the lecture in the session format assigned to you by the Scientific Committee
- Register for the conference and assume responsibility for your own registration, lodging and transportation, as well as providing a substitute presenter in case of absence.

GENERAL INFORMATION

Congress Venue: Soon Available

REGISTRATION

Registration online at www.mipsnet.org by 15 November 2024. After such deadline, registration will still be possible during the event, until reaching the maximum number of participants.

Registration Fees*

	MIPS MEMBERS		NON MEMBERS	
	By 31 Aug	After 31 Aug	By 31 Aug	After 31 Aug
MD, PhD	250,00 €	300,00 €	300,00 €	350,00 €
Nurses, Physiotherapists, Midwives	150,00 €	200,00 €	200,00 €	250,00 €
Resident/Trainee/ Research Fellow	100,00 €	120,00 €	120,00 €	150,00 €
Least developed countries	100,00 €	100,00 €	150,00 €	150,00 €
Trainees Least developed countries	50,00 €	50,00 €	70,00 €	70,00 €

* Fee is intended per person, in Euros, VAT free. The registration fee includes access to scientific sessions, workshops, certificate of attendance, CME related forms, digital copy of the MIPS 2024 Abstract Book, CME credits after fulfilling the required actions for accreditation. ** Requires letter from chair/supervisor with Registration Form.

CANCELLATION POLICY

Registration fees are 50% refundable by 31st July 2024; any banking fees are not covered by refund policy. After 31st July 2024, no refund will be issued.
